Africans Thought of It: Amazing Innovations (We Thought of It) [Bathseba Opini, Cora Lee] on Amazon.com. *FREE* shipping on qualifying offers. Did you know that aloe vera—now found in countless products, including sunscreens and soaps—was first used by Africans? They ground it into powder and used it to treat burns and other skin conditions Africans Thought of It: Amazing Innovations. They ground it into powder and used it to treat burns and other skin conditions, and hunters used it to disguise their scent from animals. They also used the nutritious oil from the fruit of the oil palm tree in everything from cooking to medicines to wine. Continuing in the same format as the others, Africans Thought of It illustrates how many of the things we use every day had their roots somewhere in Africa. Intended for middle years students, this book is a wealth of information for anyone studying about African countries and their cultures.
