PharmaCircle is an innovative knowledge management company specializing in the drug delivery, pharmaceutical and biotechnology fields. The current clients of PharmaCircle™ vary from world leaders to start up companies in the pharmaceutical, biotechnology and drug delivery fields. When attempting to show the effect of an experimental treatment, variance within treatment groups is the enemy. We try to reduce variability within a treatment by carefully controlling the conditions under which we conduct the treatment, but sometimes (especially in biology) variability of replicates is unavoidable.
