

Download Dignity Its Essential Role In Resolving Conflict

Dignity is the right of a person to be valued and respected for their own sake, and to be treated ethically. It is of significance in morality, ethics, law and politics as an extension of the Enlightenment-era concepts of inherent, inalienable rights. The term may also be used to describe personal conduct, as in "behaving with dignity". It is not uncommon for patients to have an expected death in an ICU. This review covers issues related to the end of life in the absence of discordance between the patient's family and caregivers. Natural Law. The term "natural law" is ambiguous. It refers to a type of moral theory, as well as to a type of legal theory, but the core claims of the two kinds of theory are logically independent.
