MYPRINTABLECALENDAR DOCUMENT - Best Document Archive3) From underneath the hood, pull the transmission dipstick out of the dipstick/fill tube and insert a long skinny funnel into the fill tube. Note: If you do not have a long skinny funnel that will fit into the dipstick tube you can use a short funnel with a small diameter hose or tube extension. The reason for using a longer funnel or a short funnel with an extension hose is that it makes it ...A transmission solenoid is an electro-mechanical component "valve" used to control the flow of transmission fluid in the transmission. A typical automatic transmission uses a number of different solenoids for different purposes.Awning — Common Repairs from ZipDee— How to operate your Zip Dee Awning  
Check for Leaks— Several owners have reported that you should check for leakage around (rather behind) the Upper Zip Dee Mounting brackets.Seems they were installed on a seam and the rivet heads were removed so they could be mounted flush but over time the sealer between the bracket and the skin has worked loose ...
