The Dodge Durango is a mid-size to full size sport utility vehicle (SUV), introduced in 1998 by Dodge division of Chrysler. Since its introduction, three generations of this vehicle have been released. The first two generations were very similar in that both were based on the Dodge Dakota, both featured a body-on-frame construction and both were produced at the Newark Assembly ... The ground clearance, a vertical distance between level ground and the lowest fixed unit on a vehicle (excluding the wheels) is important, especially if you are going to take your Dodge Dakota on off-roading adventures. An elevated frame is an attribute of the off-road capable vehicles and those offering significant payload capacities, whereas the low-positioned body usually indicates a high ...
