Ford Tractor Parts. We offer a great selection of Ford tractor parts for your old, vintage, antique, or late model Ford farm tractor. Click on a category below to find the right parts or type your model or part number into the search bar above to get instant results.

**Ford Power Steering Pump Pulley** - This Power Steering Pump Pulley is used with S03-1003 Power Steering Pump. It is designed for Tractors using Eaton Style power steering pump. It is made of Stamped steel. Measures 5 inches outside diameter, 0.675 inch bore, 1/8 inch keyway, 0.9715 inch total width for 1/2 inch belt.

**Ford Overhaul Kit, 220 Diesel with Bearings** - Complete Overhaul Kit. For tractor models Major, Super Major with 1.25 inch wrist pins, 3-15/16 inch bore size, 4.622 inch sleeve flange outside diameter. Your 4120 should have John Deere Hy-Gard low viscosity (JD 20D) for Maine winters, especially if it originally was set up/delivered in Maine. I would think warming it up at fast idle (~1200 RPM) for 10 minutes or so before using it in cold cold temps would be wise.
