

Download How To Find An Air Conditioner For Side Opening Window

A little technology can go a long way, especially with a stylish remote that lets you cool rooms at the touch of a button. Couple that with 6,000 BTUs of power with 3 fan speeds that can cool up to 260 sq. ft. and you've got one seriously cool room. Say you need just a little extra cooling, but you want a window unit that really works. Maybe one with 5,000 BTUs, dual cooling speeds and a 2-way air direction function that cools up to 150 sq. ft. Well, Quiet window air conditioners should have a noise level of under 50 dba. Our list covers the quietest AC units so you can live or sleep with comfort. The LG 8,000 BTU Smart wi-fi Enabled Window Air Conditioner, Model # LW8017ERSM has a rear hole in the back on the left side (if facing the air conditioner from the front) under the fins that has a drain cap on it.
