PREAMBLE (NOT PART OF THE STANDARD) In order to promote public education and public safety, equal justice for all, a better informed citizenry, the rule of law, world trade and world peace, this legal document is hereby made available on a noncommercial basis, as it is the right of all humans to know and speak the laws that govern them. RESIDENTIAL HVAC DUCT DRAWINGS. Article contributed by: Geoffrey R. Stoddard, Hvac Designer / Detroit, Michigan Residential HVAC Duct Drawings. Initially for your hvac duct drawing you should start with a simple sketch. This work presents the literature review of the methods used to model the heating, ventilation, and air conditioning (HVAC) systems. The model development is necessary for the study of the energy consumption of HVAC systems. The paper gives an overview of heating, ventilation and air-conditioning (HVAC) system modeling and simulation. The categorization of tools for HVAC system design and analysis with respect to which problems they are meant to deal with is introduced.
