Centers for Disease Control and Prevention CDC Foundation ... Global Adult Tobacco Survey (GATS) 1-1 Field Interviewer Manual Version 2.0 November 2010 Chapter 1: Introduction 1. Introduction ... individual will be randomly selected to complete the Individual Questionnaire. Interviewer Training Manual Center for Health and Public Service Research Robert F. Wagner Graduate School of Public Service New York University Funded by The U.S. Department of Health and Human Services Centers for Disease Control and Prevention October 2001 Kenya 2014 Global Adult Tobacco Survey (GATS) 1-1 Field Interviewer Manual 1. Introduction Tobacco use is a major preventable cause of premature death and disease worldwide. Approximately 5.4 million people die each year due to tobacco-related illnesses – a figure expected to increase to more than 8 million a year by 2030. Manuals listed below were developed for interviewer and examiner training. These are important references for NHANES as all correct procedures, policies, and standards are comprehensively detailed. Dates on the first page of each manual reflect the most recent revision.
