Skilled Nursing Documentation Cheat Sheets.pdf Free Download Here Cheat Sheet For Nursing Documentation
<http://www.isoht.com/pdf/cheat-sheet-for-nursing-documentation.pdf>Diarrhea: Passage of loose, unformed stools.. Diarrhea is an increase in the frequency of bowel movements, as well as the water content and volume of the waste. It may arise from a variety of factors, including malabsorption disorders, increased secretion of fluid by the intestinal mucosa, and hypermotility of the intestine.Strabismus is the inward deviation of the eyes noted before the patient reaches age six (6) months.. Strabismus is associated with maldevelopment of stereopsis, motion processing, and eye movements.; Strabismus is a visual problem in which the eyes are not aligned properly and point in different directions.We added 2 medications to the cheat sheet. Process was time consuming, but R was able to input with little help from M. M was able to do other work as long as she was available for questions. The cheat sheet increased R's comfort with the process. The process was much easier with newer patients than with long-term patients. Problems
