Maybe the most exciting and compelling thing about iOS devices--the iPhone, iPod touch, and iPad - is their ability to run the huge variety of apps available in the App Store. From photography to free music, games to social networking, cooking to running, the App Store has an app--probably dozens of apps--for everyone. Welcome. If you believe that an application or Search Ad available in the App Store violates your intellectual property rights, you can use this form to submit a claim to the App Store Legal Team. Safari is the best way to see the sites on iPhone, iPad, and Mac. Thanks to blazing-fast performance and industry-leading energy efficiency, hundreds of millions of users enjoy exploring the web with Safari. Take advantage of powerful new features, advanced developer tools, and cutting edge technologies in Safari to deliver the best-in class websites and apps. A newsletter a day keeps the FOMO at bay.
