Psychology in and out of court : a critical examination of legal psychology. [Michael King] -- This book is a critical study of the work of legal psychologists, particularly in the United States, and the assumptions upon which the work is based. This book is a critical study of the work of legal psychologists, particularly in the United States, and the assumptions upon which the work is based. It rejects an experimentalist model of legal psychology and claims that the use of such a model is not scientific and therefore superior to other ways of analysing the legal system.
