Does anyone know where I can get a wiring diagram for my Long 460 ? I believe a pack rat had a party under my hood. I am about to get the old tractor back to normal but I got a new wiring harness and I would like to find a diagram to put everything back to original. I have a STX38 with a 12.5 Kohler command that I need the wiring diagram for the ignition there's no deck on it it is used to haul hay to my cattle and it won't start and there were some wires off in the ignition and I started messing around down there and messed it all up so now there is no power. A little more than a hundred years after the birth of the first transport, became the ancestor of the vehicle as the car rolled over the planet wave of the 100th anniversary of world famous companies producing cars and trucks. Some INTERNATIONAL Truck Manuals PDF & Wiring Diagrams are above the page. The history of the company, as it is not strange, began in 1831, when Cyrus Hall McCormick invented his sickle, a rough tool of rural production. At that time, the company was engaged in the automation of manual rural work, and the founders of International tried to automate the work of the sickle (it is worth to give ...
