Learn about Surgeons in Japan who offer Male to Female (MTF) and Female to Male (FTM) procedures, also known as Sex Reassignment Surgery (SRS) or Gender Reassignment Surgery (GRS). Proposed rule change on coverage of sex reassignment surgery boon to GID sufferers in Japan, but concerns linger. According to a survey by the Japanese Society of Psychiatry and Neurology, the number of GID patients who have had treatment at medical institutions in the country totaled 22,435 by the end of 2015. The Japanese law included a provision that made it a crime to sterilize any healthy person “without cause.” A judge sentenced Aoki to two years in prison and a fine of 400,000 yen — a ruling that effectively banned sex reassignment surgery in Japan for the next three decades.
