Strangers in the House: Coming of Age in Occupied Palestine [Raja Shehadeh, Anthony Lewis] on Amazon.com. *FREE* shipping on qualifying offers. This is not a political book, Anthony Lewis asserts in his foreword to this revealing memoir of a father-son relationship set against the backdrop of more than thirty years of life under military occupation. Strangers in the House: Coming of Age in Occupied Palestine by Raja Shehadeh Strangers in the House is a personal memoir in which the primary conflict is between father and son. If you have already decided on "the truth" of the Israel-Palestine conflict, then this book will probably not be for you. For me, it helped temper my pro-Israel stance, to bring me to a deeper understanding of what it must be like to live in the "Occupied Territories" (and to understand the limits and requirements for a just and peaceful solution to the conflict).
