Call us today for more information! Benjamin Mast, Ph.D., is a clinical psychologist and Associate Professor in Psychological & Brain Sciences at the University of Louisville. He is the author of a new book, entitled *Second Forgetting: Remembering the Power of the Gospel in Alzheimer's Disease* (Grand Rapids, MI: Zondervan). He is also Co-Editor in Chief of the forthcoming *American Psychological Association Handbook of Clinical ...SIGNIFICANT DEVELOPMENTS IN THE HISTORY OF ALZHEIMER'S DISEASE*; Sources: Alzheimer's Association, 2018b; Irwin, 2015. 1906: German psychiatrist Alois Alzheimer first described the pathology of the disease after using staining techniques to identify amyloid plaques and neurofibrillary tangles in the brain associated with the symptoms of senile dementia. Rhonda's Time Restricted Feeding Regimen. Rhonda's current window of time restricted feeding is 10 hours. On the face of it, this might not seem like a particularly small eating window – but Dr Satchin Panda's research has shown that most people eat on a 15 hour window (!) For example, they might have a cup of coffee at 7am, and then have their last bite of food at 10 o'clock at night.
