Enterprise architecture (EA) is "a well-defined practice for conducting enterprise analysis, design, planning, and implementation, using a comprehensive approach at all times, for the successful development and execution of strategy. Enterprise architecture applies architecture principles and practices to guide organizations through the business, information, process, and technology changes ...Women in architecture have been documented for many centuries, as professional (or amateur) practitioners, educators and clients. Since architecture became organized as a profession in 1857, the number of women in architecture has been low. At the end of the 19th century, starting in Finland, certain schools of architecture in Europe began to admit women to their programmes of study.33000+ free ebooks online.
