Our Mission is to be the leading provider of life transforming technology, products and services to help individuals and corporations maximize their performance and potential. Why is the World Changing So Fast? When I was a kid I used to dig holes in the backyard for entertainment – seemed like fun at the time. These days I see children the same age as my hole-digging days...The story of the largest financial fraud in history as told by those who were there, including victims, employees, family members, FBI agents, and Bernie Madoff himself; includes archival news ...Our report had one figure, which is reproduced here (). The six fields are connected in a hexagon. Each line in the figure represented an area of interdisciplinary inquiry that was well defined in 1978 and that involved the tools of the two disciplines it linked together.
