

Download The Regulation Of Science And Technology Studies In Regulation

A decisive moment in the development of STS was the mid-1980s addition of technology studies to the range of interests reflected in science. During that decade, two works appeared en seriatim that signaled what Steve Woolgar was to call the "turn to technology": *Social Shaping of Technology* (MacKenzie and Wajcman, 1985) and *The Social Construction of Technological Systems* (Bijker, Hughes and ...). Science studies is an interdisciplinary research area that seeks to situate scientific expertise in broad social, historical, and philosophical contexts. It uses various methods to analyze the production, representation and reception of scientific knowledge and its epistemic and semiotic role.. Similarly to cultural studies, science studies are defined by the subject of their research and ...

Scientific Foundation of the HeartMath System. HeartMath learning programs and the emWave ® and Inner Balance™ self-regulation technology are based on over 28 years of scientific research on the psychophysiology of stress, resilience, and the interactions between the heart and brain.
