Delegation strategies for the NCLEX, Prioritization for the NCLEX, Infection Control for the NCLEX, FREE resources for the NCLEX, FREE NCLEX Quizzes for the NCLEX, FREE NCLEX exams for the NCLEX, Failed the NCLEX - Help is here About the menu items, Pathways is a multiplication game that Sara included on the menu because multiplication is so important to division. The game helps students continue practice multiplying as they focus on division. (For more information, read a previous blog post, The Game of Pathways.) The last menu item, Four in a Row, is a coordinate graphing game like Tic-Tac-Toe that involves strategy ...It's great when technology in a field advances to a state where the field suddenly opens up to the masses in a way that was never possible before. You could say things like YouTube have done that for the world of video, but long before that development, photography was brought into the mainstream in a [...] Wordle is a toy for generating "word clouds" from text that you provide. The clouds give greater prominence to words that appear more frequently in the source text.
